

lady and 6 kids need help

Posted by norman#99 - 13 Dec 2009 12:40

I just called on this, sounds like it broke a timing belt, but what a horrible story! Might be a good donor or potential race car, or you might just want to help out.

By the way this happened Dec 4th and the husband is still in intensive care.

Dave Hauck and I bought this car as a parts car today. Husband was shot and stabbed in a home invasion.
