Brand New MOMO Hub for 1987-89 Porsche 944 Posted by Litespeeds - 20 Feb 2008 01:22

I have a brand new MOMO hub model number L7004 which I bought for my 1988 944 that I am not going to use. I am selling it for \$60 plus actual shipping and am firm on the price. Please e-mail me if interested. Thanks.
