| I'm helping Mitch shop for a steering hub adapter and quick release for the #24 car. Any recommendations on safe and inexpensive hardware? |
| never did that shopping since the PO had installed already in my car. Thanks in advance |

| ust a word of caution |
| At Nationals in 2007 3 cars were crashed due to steering wheel / quick release issues . |
| spent way too much on my first one then I did it two more times www.paragon-products.com/product p/qrhub race.htm |
