| Get ready Race Fans! We are going into the heart of knuckle draggers! For some FREE racing! I'm still working on the details but plan on it being a sponsor paying, NASA race for 944-SPEC! We will also be able to show off the cars to all of the crowd before and after the nights races. |
| So get out those mud flaps and mullet wigs . It's going to be FUN! |

| More details to come, and YES I am working this for Colorado National Speedway also. |
| This will also really help on sponsor search due to the number of fans that will see our cars! |

| stop the madness! you can throw a stone from one side of that track to the other. the infield course is a figure 8. what's next, Chuck - run 'em backwards in the mud with tractor exhaust straight through the hood for demolition derby at the county fair!?!?!?! oh, the humanity! |
| Phil - don't give the knuckle-draggers any ideas! |
